

SPECIFICATIONS

[1. General Specifications]

Product Name	Magnet bracket		
Model	GL-001		
Supported Models	GL7-M1N-T , GL7T-M1N-T , GL7-M1N-Y , GF7-48N-Y		
Mounting Location	Indoor/Outdoor		
Mounting Direction		 ※1	
Vibration Resistance	45m/s ² (JIS D 1601:1995)		
Mass (Tolerance ±10%)	0.14kg (Without accessories)		
Outer Dimensions	Refer to "Outer Dimension Drawing"		
Remarks	<p>There are no contents of controlled substances exceeding the threshold for the RoHS Directive.</p> <p>※1 The magnet bracket may come off the mounting surface depending on the condition of the mounting surface and vibration or impact in the environment of use. Please use the product after confirming that there is no risk of detachment.</p>		

[2. Outer Dimension Drawing]

(Unit: mm)

No.	Parts name	Remarks
①	Body	TPR
-	Magnet (Built-in)	Neodymium

Supported models	Part A Dimensions
GL7-M1N-T GL7-M1N-Y GF7-48N-Y	65
GL7T-M1N-T	50

Accessories
Truss Machine Screw Size : M4×8 Matl : Stainless steel
 3pcs.

Recommended Torque
0.7N·m
